- 1 - 8x10 Photograph
- 4 - wallets (one pose)

Tips for getting great Senior Pictures

1. Get a good nights sleep the day before you take the pictures to look your best.
2. Eat a light meal a couple hours before your photo shoot to avoid getting hungry or fatigued.
3. Bring lots of extra clothes to choose from. The more the better. Even if you don't wear them all, at least you have them as an option.
4. Bring some props! A prop can add a lot to a photo so think about what you can bring. Bring extra items that express who you are! It could be sports equipment, your favorite hat, a musical instrument, some cool item you really like, a pet, or even a friend!
5. Location, location, location! It is up to you where you want your senior pictures taken. When considering where, think about the kind of setting/background you want: country, park, urban, architectural, rivers, industrial. Can't decide, no problem, I know of lots of great places.
